## IN PARTNERSHIP WITH

## BRING WITH YOU

- Examples of any road blocks that get in the way of keeping the promise to brothers and sisters
- Examples of good practice and/or any ideas that you may have.

This is a space to share and test those ideas with the support of our community of learning.

**A culture of love,  
care and thought in  
supporting sister and  
brother relationships**

**Aspirations, hopes,  
plans, action**

**Learning from each other: what's  
working, what's challenging, what's  
developing?**

# **Our journey so far; emerging themes**

**Mapping and 'joining the dots' for  
activity across Scotland**

**Supporting sibling relationships when  
sisters and brothers are living  
together or returning to living  
together**

**What is there in our  
'practice narratives' or  
professional cultures  
that needs challenging?**
