

To have you there by my side  
helping me along this bumpy ride

was all I could have ever asked  
regardless of our history or past

you taught me how to read and write  
and that in our life we would have to fight

you kept me strong as life moved on  
but I was scared that one day you'd be  
gone

I'd be empty and someone completely new  
but I'm standing alive here because of you

you held my hand along the way  
as we grew stronger every day

I cannot wait to see what's in store  
psychology, Teaching or French Law

I am so proud of you and how you always  
try your best  
you are so special and never think of  
yourself as any less

you steal my clothes and make me cry  
but my love for you will never die

you make the craziest amounts of mess  
and how sorry I am for all of this I cannot  
stress

time after time you make me smile  
and I miss you when you're only gone for a  
while

when life takes us down our different roads  
I will always be here and I will miss you  
loads

I love you with all my heart  
and I'm forever glad we never had to be  
apart
